

Young Entrepreneurs & Professionals Program

The Lake Houston Young Entrepreneurs and Professionals program is centered around a quality group of diverse young professionals aged 21 to 45 working together to showcase Lake Houston as a great place to live, work and play. YEP centers around three pillars of programming: social and networking events, professional development and civic engagement, providing its members with opportunities to get in front of and build relationships with local community and business leaders while building contacts among peers. Not only does YEP give young professionals a voice - it gives them an outlet for affecting change in the Lake Houston community. YEP seeks to work hand-in-hand with current community and business leaders to learn from their experiences and to create a young professional-friendly atmosphere. YEP will host seven events scheduled throughout 2017.
